G MASTER GDS

FOR TRAVEL & AVIATION INSTITUTES

Give every student a live GDS terminal, with no licences or lab hours to arrange.

Master GDS is an online practice platform for Amadeus and Sabre. Students build real PNRs, price, issue, reissue and refund tickets on a simulator, as often as they like. Faculty see every student's progress, and agencies can test candidates on the same terminal.

Real GDS access is scarce

Licences are costly and lab seats are limited, so most students touch a terminal for only a few hours.

Theory doesn't transfer

Students who learnt from slides freeze at a live cryptic screen on their first day at an agency.

Agencies hire on skill

Recruiters ask candidates to build a PNR in the interview. Practice is what gets them through it.

What every student gets

all online · works on mobile

Amadeus & Sabre simulators

Unlimited cryptic entries, built-in help and a command assistant that explains the format and corrects common mistakes as students type.

132 booking scenarios + guided quests

PNR creation, issuance, reissue, void and refund. Guided mode ticks off each step live, with hints, a timer and a star score.

650-question bank + quizzes

150 GDS commands · 205 travel theory · 250 written recall · 45 booking scenarios. Scored quizzes and flashcards.

62 command drills

One Amadeus or Sabre entry per task, marked the moment the student types it: fast revision before exams and interviews.

IATA geography & route planner

Interactive world map with TC areas, airports, alliances, visas, global indicators and great-circle distance.

Courses + completion certificate

IATA geography (14 modules + exam) and Fare Types (17 parts). Master GDS's own certificate, not an IATA one.

G MASTER GDS

Built for faculty, placement cells and agencies

Every batch gets its own team account: one invite link, a live progress dashboard, and practical tests that score real terminal work.

Team dashboard for faculty

- **One invite link** for the batch: students sign up and take a seat in seconds
- **Live progress per student**: terminal entries typed, drills passed, quests completed, last login
- **Seats you control**: free a seat when a student leaves, get a new link any time
- Faculty accounts included, with the same access as students

Practical hiring tests

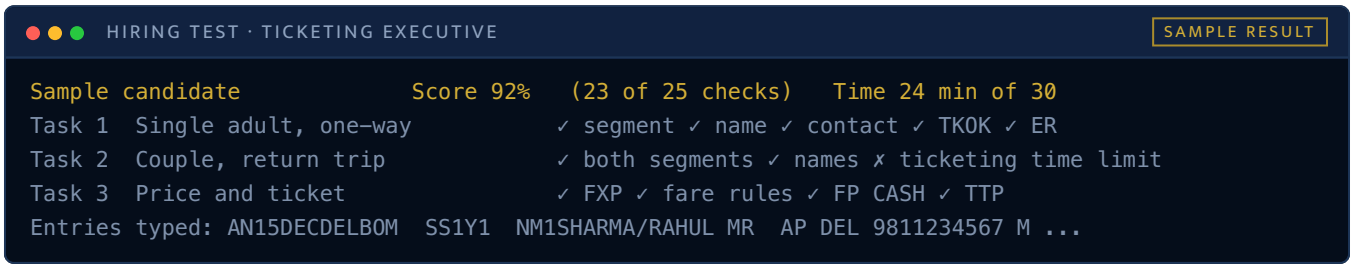

- **For agencies and placement cells**: pick 1 to 8 booking tasks and a time limit (20 to 60 minutes)
- Each candidate gets a **one-time link**: no account, no software, a laptop and a browser
- No answers, hints or assistant during the test; the clock starts when they press Start
- **You see the score per task, the time taken, and every entry they typed**

Guided quests in class

- Set a quest such as "Family with child and infant" or "Multi-city, three sectors"
- The checklist ticks each step as the PNR meets it: segments, names, contacts, SSRs, ticketing
- Hints show the next entry with its meaning; fewer hints means more stars
- Finished quests appear on the faculty dashboard

Why it works

- Students practise at home as much as in the lab, on the same entry formats an agency uses
- Faculty know who is practising and who is not, without chasing reports
- Agencies shortlist on skill they can see, before the interview

G MASTER GDS

Batch and team plans

One invoice for the whole batch or team. We set up your team account the same day; your people join with one link.

INSTITUTES

Batch plan · 3 months

Full practice for a whole semester module

₹2,499 per student / 3 months

Individual price ~~₹4,599~~, so you save 45%

- Amadeus & Sabre simulators, unlimited entries, command assistant
- All 132 scenarios and guided quests
- 62 command drills, 650-question bank, quizzes, flashcards
- Full IATA geography reference with route search
- Completion certificate (Master GDS's own)

Agency team · 3 months

Train new staff and test candidates

₹2,499 per seat / 3 months

Minimum 5 seats

- Everything in the batch plan for each seat
- Team dashboard with every trainee's progress
- Unlimited practical hiring tests for candidates
- Scores per task and every entry typed

Both plans include the team dashboard and unlimited practical hiring tests. Minimum 15 students for institutes, 5 seats for agencies. Prices include GST, and a GST invoice is issued in your organisation's name. Payment by bank transfer or UPI.

Included free with every batch

- **7-day free trial** for the whole batch before you pay
- **2 faculty seats** on top of your student seats
- **Team account set up by us** the same day, with your invite link
- **Live progress dashboard** per student: entries, drills, quests
- **Practical hiring tests** for your placement cell or recruiters

Who it's for

- IATA / travel & tourism diploma courses
- Aviation and air-hostess academies
- Hotel-management colleges with a travel module
- Travel agencies training new staff

How to start

1. **20-minute online demo** for your faculty
2. **Free 7-day trial** for your batch
3. **One invoice**, paid by bank transfer or UPI
4. **Share one invite link**: students join the same day

Example: a batch of 20

Batch plan, 20 × ₹2,499	**₹49,980**
Individual price, 20 × ₹4,599	~~₹91,980~~
Your batch saves	**₹42,000**
